

The Royal Marsden Manual of Clinical Nursing Procedures

Online Edition • Tenth Edition

Excellence in nursing care

Providing you with easy, straightforward access to more than 250 evidence-based skills and procedures

The Royal Marsden Manual Online is the definitive web-based solution for all hospitals, NHS Trusts, and academic institutions. The Manual has been providing essential nursing knowledge and up-to-date information on nursing skills and procedures for more than 30 years.

Key features for you:

- Includes access to the brand new Cancer Manual
- **Search function:** using a brand new search engine finding procedures is faster than ever before
- **Flexible access:** designed for smartphones, tablets and desktops — access content wherever suits you best
- Brand new videos clearly showing step by step procedures

Funded by NHS England, free to all NHS staff and trainees in England
