DESCRIPTION

The Ethnography of Communication presents the terms and concepts which are essential for discussing how and why language is used and how its use varies in different cultures.

• Presents the essential terms and concepts introduced and developed by Dell Hymes and others and surveys the most important findings and applications of their work.

• Draws on insights from social anthropology and psycholinguistics in investigating the patterning of communicative behavior in specific cultural settings.

• Includes two completely new chapters on contrasts in patterns of communication and on politeness, power, and politics.

• Incorporates a broad range of examples and illustrations from many languages and cultures for analyzing patterns of communicative phenomena.
ABOUT THE AUTHOR

Muriel Saville-Troike is Professor in the Department of English at the University of Arizona. She is author of *Bilingual Children* (1975), *Foundations for Teaching English as a Second Language* (1976), *A Guide to Culture in the Classroom* (1978), and co-editor of *Perspectives on Silence* (with Deborah Tannen, 1985).
