Histology at a Glance
Michelle Peckham

E-Book 978-1-118-29360-7 November 2011 AUD $48.99
Paperback 978-1-444-33332-9 February 2011 AUD $60.95

DESCRIPTION

This brand new title provides a highly illustrated and unambiguous introduction to the science, structure and function of cells, their related pathology, and in particular, helps readers master the basic principles of recognizing features of histological sections.

_Histology at a Glance_:  

- Presents the perfect combination of text and image; key concepts are explained and superbly illustrated  
- Provides coverage of all the main body systems and the components of the tissues of these systems  
- Features practical information on microscopy, including sample preparation and magnification  
- Includes hints and tips to help recognize features in a histological specimen, and overcome common difficulties  
- Contains self-assessment questions to help test learning and recognition  
- Links to the author’s histological website, which features many more tips and samples, at [www.wiley.com/go/histologyataglance](http://www.wiley.com/go/histologyataglance)

_Histology at a Glance_ is the perfect guide for medical, dentistry and biomedical science students, junior doctors, and is ideal for independent learning programmes in histology.
