## NEW TO EDITION

**Accounting Cycle Connections:** Thoroughly revised accounting cycle chapters and topics, now help students make connections between the different steps of the accounting cycle, and provide additional opportunities for both more granular and comprehensive accounting cycle practice.

**Practice Made Simple:** New algorithmic brief exercises, DO Its, exercises, and problems available outside of instructor assignments provide opportunities for no-stakes practice and show answers and solutions as students check their work.

**Organized Learning:** A new and streamlined learning design of both WileyPLUS and the text helps students find relevant videos, reading content, and resources based associated learning objectives, so they can make the best use of time outside of class.

**Solution Walkthrough Videos:** Author Paul Kimmel walks students step-by-step through solutions to homework problems. Based on problems that are “similar to” (but not the same as) the problems students will find in their homework assignments

**New Mobile Interactive Tutorials:** Assign new interactive tutorials as pre-lecture or lecture-replacement assignments, and make sure students come to class prepared. Mobile friendly and available on any screen size, students can learn and review on the go.

**Easy Assessment:** New algorithmic multiple-choice test bank questions make student assessment simple to create and schedule. All questions are tagged with to Blooms Taxonomy, AACSB, AICPA, and IMA standards, and allow instructors and departments to quickly demonstrate outcomes, analyze student performance data, and make immediate improvements.

**Develop Excel Skills:** Assignable Excel Function Simulations give students hands on practice with relevant Excel Functions, while teaching videos teach students the basic steps. This is a perfect pre-req to more complex Excel based problems and projects.
