DESCRIPTION

*Nursing Law and Ethics* explores a variety of key legal and ethical issues in nursing practice using a thought-provoking and holistic approach. It addresses both what the law requires and what is right, and explores whether these two are always the same.

The book provides an overview of the legal, ethical and professional dimensions of nursing, followed by exploration of key issues in greater depth. This edition features updated legislation and new material on patient safety.

- Key topics are accompanied by both a legal and an ethical perspective, covering both law and ethics
- Case examples throughout place concepts in a real-life context
- Written by experts in the field and includes contributions from leading nurses, lawyers and ethicists

Accessible, relevant, and comprehensive, this title is ideal for pre- and post-registration nurses.

ABOUT THE AUTHOR

*John Tingle* is Head of International Development and Reader in Health Law at Nottingham Law School, Nottingham Trent University.
Alan Cribb is Professor of Bioethics and Education at King’s College London and Director of the Centre for Public Policy Research.
