Now in its fifth edition, *Professional Management of Housekeeping Operations* is the essential practical introduction to the field, a complete course ranging from key principles of management to budgeting, from staff scheduling to cleaning. With expanded attention to leadership and training, budgeting and cost control, and the increasingly vital responsibility for environmentally safe cleaning, the latest edition of this industry standard also includes new case studies that help readers grasp concepts in a real-world setting.

Instructor’s Manual, Test Bank in both Word and Respondus formats, Photographs from the text, and PowerPoint Slides are available for download at www.wiley.com/college

Thomas J.A. Jones is an Associate Professor in the Hotel Management Department of the William F. Harrah College of Hotel Administration at the University of Nevada, Las Vegas.

Instructor
NEW TO EDITION

• Expanded focus on environmental trends affecting housekeeping

• New Pitfalls in Housekeeping case studies are included to stimulate the analytical problem solving abilities of students and illustrate the “do’s” and “don’ts” related to housekeeping industry functions

• New Ethical Dilemmas case studies pertaining to ethical issues and concerns facing personnel in the housekeeping department have been added

• Expanded Conclusions show the interconnected nature of the material presented in the chapter with other chapters

• Thought-provoking questions have been added to the Executive Profiles so that students may more closely identify with professionals in the industry and their management practices

FEATURES

Enriched with more than 300 photos and illustrations, this Fifth Edition also features:

• Motivational Tips sidebars–insider advice from leading professionals on getting employees inspired and increasing productivity
• **Green Tips** sidebars—practical hints for environment-friendly cleaning methods and products

• A series of profiles of real executives who have carved out rewarding career paths in housekeeping—including male and female, hotel and hospital managers, newcomers and lifetime professionals

• Extensive appendices—including industry links, environmental policies, and more

• Thorough information on materials planning—operating budgets, inventory control, and essential capital equipment

• Extensive information on maintenance needs for all types of floors, walls, ceilings, windows, bedding, and more, including a detailed discussion of cleaning supplies

• A complete discussion of planning, organizing, and staffing a winning housekeeping operation, including workloads, scheduling, promoting teamwork, and more
