DESCRIPTION

"The best streets in the world's villages, towns, and cities—whether modest or grand—continually remind one that simplicity is part of the recipe for success in this art. The advice of Victor Dover and John Massengale, their historic examples and their own designs, reflect that simplicity."

—From the Foreword by HRH The Prince of Wales

"*Street Design* is a lucid, practical and altogether indispensable guide for envisioning and creating vibrant 21st century towns and cities. It should be required reading for every local political leader, planner, architect, real estate developer and engaged urban citizen in America."

—Kurt Andersen, host of *Studio 360* and author of *True Believers*

"We are going to start walking around the places we live again, and as that occurs and becomes normal, we will rapidly redevelop a demand for higher quality in building at the human scale."

—From the Afterword by James Howard Kunstler

"Your charrette traveling library must include the important Street Design book by Victor Dover and John Massengale." —Bill Lennertz, Executive Director, National Charette Institute

“What an amazing resource! For those who wish that my book, *Walkable City*, had pictures, this is the book for you. If either your work or your play includes the making of places, you will find *Street Design* to be an invaluable tool.” — **Jeff Speck, AICP, CNU-A, LEED-AP, Hon. ASLA**
