DESCRIPTION

Bursting with detailed technical information and full colour illustrations, its highly practical approach ensures fast learning. You will not only learn how to create technical drawings, but also fashion illustrations, flat drawings and storyboards for the fashion industry, and how to combine Adobe Illustrator and Adobe Photoshop. Once the basics are covered, you have the opportunity to learn more about the sophisticated aspects of this essential software package.

If you are a fashion student or a fashion designer, this is the only book you'll need to master the very latest version of Adobe Illustrator.

ABOUT THE AUTHOR

Marianne Centner has worked in the fashion industry for over 25 years, both in South Africa and Australia. She has worked extensively in Adobe Illustrator and Adobe Photoshop. Marianne runs her own design studio and trains designers in the fashion industry.
Frances Vereker has extensive experience teaching fashion drawing and computer drawing to students and teachers. She liaises with secondary and tertiary colleges throughout Victoria, Australia, giving her a unique opportunity to understand the learning process within fashion and textiles. Frances has lectured at major fashion institutions and has close links with the fashion industry.
