Hardcover ISBN: 978-1-405-19850-9 July 2015 £495.00

DESCRIPTION

The International Handbooks of Museum Studies bring together original essays by a global team of experts to provide a state-of-the-art survey of the field of museum studies.

• Offers unprecedented depth of coverage and breadth of scholarship in this interdisciplinary field

• Accessibly structured into four thematic volumes exploring all aspects of museum theory, practice, controversies, and the impact of new technologies

• Includes a treasure trove of examples and original case studies

• Features original essays by an international team, including leading academics and practitioners, as well as up-and-coming names in the field

• Provides an indispensable resource for the study of the development, roles, and significance of museums in contemporary society
