DESCRIPTION

A comprehensive guide to the burgeoning hedge fund industry

Intended as a comprehensive reference for investors and fund and portfolio managers, Handbook of Hedge Funds combines new material with updated information from François-Serge L’habitant’s two other successful hedge fund books. This book features up-to-date regulatory and historical information, new case studies and trade examples, detailed analyses of investment strategies, discussions of hedge fund indices and databases, and tips on portfolio construction.

François-Serge L’habitant (Geneva, Switzerland) is the Head of Investment Research at Kedge Capital. He is Professor of Finance at the University of Lausanne and at EDHEC Business School, as well as the author of five books, including Hedge Funds: Quantitative Insights (0-470-85667-X) and Hedge Funds: Myths & Limits (0-470-84477-9), both from Wiley.

ABOUT THE AUTHOR

About the author

FRANÇOIS-SERGE LHABITANT, PhD, is Chief Investment Officer at Kedge Capital in London. He was formerly a Member of Senior Management at Union Bancaire Privée, and prior to this, a Director at UBS/Global Asset Management. On the academic
side, he is a Professor of Finance at the University of Lausanne and at EDHEC Business School. His specialist skills are in the areas of alternative investment (hedge funds) and emerging markets. He is the author of several books on these two subjects and has published numerous research and scientific popularisation articles. He is also a member of the Scientific Council of the Autorité des Marches Financiers, the French regulatory body.

"L'habitant takes us from the early 1930s to the latest cutting edge research in the field of hedge funds, blending both theoretical and practical information in this handbook and leaving no stone unturned. This new updated text with its panoply of new information, loads of examples and cases for educational purposes is well worth the investment. It is a must for beginners, institutional investors and money managers, lawyers, accountants, academics. In essence the bible of hedge fund books, you cannot ask for better."
