O-Book 978-0-470-03054-7 July 2006

Available on Wiley Online Library

DESCRIPTION

Described as ‘must-have for cancer research’ by the Hospital Doctor this highly acclaimed textbook has been extensively revised and updated to reflect recent progress and understanding in the field. It is the only comprehensive source of information available on uncommon cancers; presenting diagnosis, detailed clinical management and prognosis. The Textbook of Uncommon Cancer, Third Edition incorporated 18 new chapters, including:

- Tumors of the cervix
- Esthesioneuroblastoma
- Unusual malignancies of plasma cells
- Dermatofibrosarcoma protuberans

Written by leading clinicians worldwide, this title is indispensable for all those involved in the diagnosis and treatment of hard-to-manage rare tumors.
ABOUT THE AUTHOR

**Derek Raghavan**, MD, PhD, is President of the Levine Cancer Institute of the Carolinas Healthcare System in Charlotte, North Carolina. Widely published in journals and books, Dr. Raghavan has been the editor-in-chief of *Textbook of Uncommon Cancer* since its second edition.

**Martin Brecher** is an Emeritus Professor at Roswell Park, specializing in clinical trials for pediatric cancer as well as long-term effects of treatment and risk factors for childhood acute lymphocytic leukemia - ALL. Retired from patient care in 2014, Dr. Brecher is now primarily involved in an advisory role and assists in the education of fellows, residents and medical students on the care of children with cancer and blood disorders.

**David Johnson**, MD, was the longtime Director of the Division of Hematology and Oncology at Vanderbilt University in Nashville, Tennessee, and was recently appointed as Chairman of Medicine and holds the Donald W. Seldin Distinguished Chair in Internal Medicine at the University of Texas Southwestern in Dallas, Texas.

**Paul L. Moots**, M.D., Associate Professor of Neurology at the Vanderbilt-Ingram Cancer Center in Nashville, Tennessee.

**Peter G. Rose**, MD, is Section Head and Fellowship Director of Gynecologic Oncology in the Department of Obstetrics and Gynecology at the Cleveland Clinic.
