Pulmonary Arterial Hypertension: Diagnosis and Evidence-Based Treatment

Robyn Barst (Editor)

E-Book 978-0-470-99738-3 September 2008 $108.99
Hardcover 978-0-470-05972-2 June 2008 $135.25
O-Book 978-0-470-99739-0 May 2008 Available on Wiley Online Library

DESCRIPTION

• First book dedicated to this disease, previously thought to be incurable, but with the advent of new drugs, now amenable to management and a much improved prognosis for patients

• From the PAH Association, the leading experts in field

• Incorporates the latest AACP management guidelines

• Includes evidence-based treatment algorithms based on the recently updated ACCP Guidelines for Medical Treatment

• Aimed at specialists in pulmonology and cardiovascular disease, this volume provides the clinician with the most up to date information on the effective management of PAH

ABOUT THE AUTHOR

Robyn J. Barst, MD, Professor of Pediatrics (in Medicine); Director, Pulmonary Hypertension Center, Columbia University Medical Center, New York, NY, USA

Dr Barst is chair of the 'Scientific Leadership Council' of the Pulmonary Hypertension Association, a group of more than twenty internationally recognized leaders in the field of PAH. The mission of the SLC is ‘to provide medical and scientific leadership for the
Association by proactively facilitating the development of new knowledge about pulmonary hypertension, actively disseminating knowledge about pulmonary hypertension to medical and public audiences, and advocating and raising awareness about pulmonary hypertension. The editor and contributors are all members of the SLC, and include many well-known names including Lewis Rubin, George Simmoneau, Nazarino Galie, and David Badesch. This text is intended to be the 'official' work on the subject. Further evidence of the standing of the contributors is the medical centers involved in the SLC, which include the Mayo Clinic, Columbia Presbyterian Medical Center, University of California San Diego, UCLA, Duke, Rush Presbyterian, University of Colorado, University of Utah, Vanderbilt, the University of Alabama at Birmingham, and the University of Pennsylvania. The SLC also has international members from Italy, Ireland, Germany, and Canada.

Dr Barst is on the Editorial Board of Circulation, the official Journal of the American Heart Association, and for Chest, the official journal for the American Thoracic Society. Member of European Society of Cardiology Task Force for Primary Pulmonary Hypertension, Board Member of the International Society for Heart and Lung Transplantation.
