### DESCRIPTION

*A Primer on Organizational Behavior* places attention on information technology in the workplace and how it's reshaping organizations and the management practices within them. The 7th Edition is thoroughly updated, featuring in-depth discussions on early management thought, workplace incivility, social justice, conformity in groups, virtual teams, team conflict, leader-member relations, and organizational change.

Students learn all the terms and concepts they need to understand OB and its application in modern organizations, and to comprehend practitioner and scholarly publications.

This primer is ideal for use with cases, readings, experiential exercises, or simulations, and often serves as a review or reference book for MBAs and beyond.
