Praise for TREYNOR ON INSTITUTIONAL INVESTING

"Jack Treynor has a mind of his own. I mean that as the highest compliment. Jack Treynor sees what no one else sees, thinks what no one else thinks, explains what no one else explains. You will learn more in fifteen minutes with Jack Treynor than in a full hour with most pundits. You will work hard but you will see things, think things, and understand things as never before. This book is a most valuable treasure, gleaming with Jack Treynor's brilliance."

-Peter L. Bernstein, author, Capital Ideas Evolving

"Vintage Treynor. This is a must-own reference for anyone involved in institutional asset management. It assembles - in one place - many of the important insights of one of the most provocative and creative players in the finance world over the past half-century."

-Robert D. Arnott, Chairman, Research Affiliates, and Former Editor, Financial Analysts Journal

"As a practicing investment manager, Treynor always preferred brilliance to soundness. Identifying the flaws in conventional thinking, he shows both the theorist and the practitioner where to invest time in their search for excess return."

-Perry Mehrling, Professor of Economics, Barnard College, Columbia University, author, Fischer Black and the Revolutionary Idea of Finance
“Jack Treynor's new book brings together a lifetime of exploring the important questions surrounding the sophisticated investor's task. Readers of Treynor on Institutional Investing will be richly rewarded by the insights the author has developed about both the practical and the conceptual keys to successful investing.”

-Samuel L. Hayes, III, Jacob Schiff Professor of Investment Banking Emeritus, Harvard Business School

ABOUT THE AUTHOR

Jack L. Treynor is President of Treynor Capital Management, Inc. He was the editor of the Financial Analysts Journal for many years and is the author of more than ninety articles that have appeared in numerous financial publications. Along with William Sharpe, Robert Merton, and Harry Markowitz, Treynor is a Distinguished Fellow for the Institute for Quantitative Research in Finance. He serves on the advisory boards of the Financial Analysts Journal and the Journal of Investment Management, and has taught investment courses at Columbia University and the University of Southern California. Treynor has served as a general partner, trustee, and director of seventy investment companies.
