DESCRIPTION

CAD for Interiors: Basics is a practical guide to getting started in AutoCAD(r) for interior designers. Taking a hands-on approach, the reader is taken on a step-by-step process to draw a detailed building floor plan. Beginning with instruction on how to create project templates, the reader works their way up to a professional-quality presentation. The basics of Architectural Desktop(r) and 3-D CAD are also included.

An included DVD complements the book, presenting videos of detailed AutoCAD(r) commands demonstrating the book's instruction using a unique audio-visual approach. No other product for designers offers a blended approach to make learning visually exciting and effective.

ABOUT THE AUTHOR

Joseph A. Fiorello Jr., Associate IIDA, is an Adjunct Professor at the Wentworth Institute of Technology and Newbury College, teaching computer-aided drawing/rendering, materials/finishes, and studio courses. He has also taught at New England Art Institute, Massachusetts College of Art, and Endicott College. Mr. Fiorello is also principal of FA/D Studios (www.fadstudios.com), working on residential, commercial, and institutional interiors projects.
