DESCRIPTION

The first book of its kind to provide exhaustive, in-depth coverage of play therapy research

*Child-Centered Play Therapy Research: The Evidence Base for Effective Practice* offers mental health professionals, school district administrators, community agency administrators, judges, lawyers, child protection caseworkers, and medical professionals a comprehensive discussion of play therapy research studies. Guidance is provided on evidence-based methods, as well as on how future play therapy research should be conducted.

Edited by renowned experts in the field of play therapy, this rich compilation features contributions by child-centered play therapy researchers, with relevant discussion of:

- The history of play therapy research
- A synopsis of current empirical support
Play therapy research on chronically ill children, child witnesses of domestic violence, and victims of natural disasters, among many other topics.

With coverage of important practice guidelines, *Child-Centered Play Therapy Research* identifies the most prominent and current play therapy research studies, as well as research directions for clinicians to design evidence-based research studies of their own.

---

**ABOUT THE AUTHOR**

**Jennifer N. Baggerly, PhD, LMHC-S, RPT-S**, is an Associate Professor in the Counselor Education Program at the University of South Florida. She is a Licensed Mental Health Counselor Supervisor and a Registered Play Therapist Supervisor. She serves on the Association for Play Therapy (APT) Board of Directors and is former research chair of APT.
