Chest X-rays for Medical Students
Christopher Clarke, Anthony Dux

E-Book Rental  ISBN: 978-1-119-42672-1R120  May 2017  $8.00

DESCRIPTION

Chest X-rays for Medical Students is a unique teaching and learning resource that offers students, junior doctors, trainee radiologists, nurses, physiotherapists and nurse practitioners a basic understanding of the principles of chest radiology.

• Provides a memorable way to analyze and present chest radiographs – the unique ‘ABCDE’ system as developed by the authors

• Explains how to recognize basic radiological signs, pathology and patterns associated with common medical conditions as seen on plain PA and AP chest radiographs

• Presents each radiograph twice, side by side - once as would be seen in a clinical setting and again with the pathology clearly highlighted

• Includes a section of self-assessment and presentation exercises to test knowledge and presentation technique

Ideal for study and clinical reference, this book will be the ideal companion for any medical student, junior doctor or trainee radiographer.
ABOUT THE AUTHOR

Christopher Clarke is ST2 Clinical Radiology Trainee at Nottingham University Hospitals and Honorary Lecturer in Human Anatomy at Nottingham Medical School

Anthony Dux is a Consultant Radiologist at University Hospitals of Leicester NHS Trust
