This book offers a comprehensive overview of up-to-date research and intervention techniques for traumatized youth highlighting uncharted territories in the field of developmental trauma and related post-traumatic reactions.

- One of the few titles to provide a critical and comprehensive framework which focuses specifically on post-traumatic syndromes in children and adolescents

- Presents the implications of PTSD in other settings (such as school and family) that are not fully addressed in other works

- International range of contributors, such as David Foy, Julian Ford, Jennifer Freyd, Giovanni Liotti, and Brigitte Lueger-Schuster, bring perspectives from both Europe and North America

- An essential resource for both researchers and practitioners
