An essential career-planning resource, *A Handbook of Practicing Anthropology* presents a comprehensive account of contemporary anthropological practice written primarily by anthropological practitioners.

- Engagingly written and instructive accounts of practice by anthropological professionals working in corporations, governmental, entrepreneurial, and educational settings.
- Provides essential guidance on applying anthropological principles on the job: what works well and what must be learned.
- Emphasizes the value of collaboration, teamwork, and continuous learning as key elements to success in non-academic careers.
- Highlights the range of successful career options for practitioners, describes significant sectors of professional activity, and discusses key issues, concerns, and controversies in the field.
- Chapters examine key practice sectors such as freelancing, managing a consulting firm, working for government, non-profits, and corporations, and the domains of health, industry, education, international development, and the military.
