DESCRIPTION

Published by Blackwell in association with the British Psychological Society, *Health Psychology in Practice* provides a comprehensive overview of the UK professional Stage 2 Qualification in Health Psychology.

- An essential text for professional training in health psychology, both for trainees and teachers and supervisors contributing to health psychology courses.

- Published in association with the British Psychological Society.

- Covers the core competencies necessary for qualification as a health psychologist.

- Includes sections on professional issues, research, consultancy and interventions, teaching and training and other professional roles.

- The final chapter contains a series of individual commentaries on health psychology training in a variety of countries, which will be of great interest to an international audience.

- The editors helped to establish the British Psychological Society’s health psychology professional training programme.
