**DESCRIPTION**

Cancer in Adolescents and Young Adults is a practical guide to cancer care in adolescents and young adults. It considers the impact of diagnosis on individuals, and their families, as well as examining the impact on the health professionals responsible for their care. There are sections focusing on the adolescent's experience of cancer and ongoing care needs during treatment, and on life after cancer, including rehabilitation and palliative care.

- Builds on the forthcoming NICE guidelines on Supportive Cancer Care for Children & Young People, and recent Department of Health guidelines & policy initiatives
- Adopts an integrated inter-professional approach
- Contains evidence-based contributions from leading professionals in cancer care

Cancer in Adolescents and Young Adults is an essential resource for all those involved with the provision of care and support for adolescents and young adults with cancer.

**About the Editors:**
