DESCRIPTION

Essentials of Supervision presents, in the popular Essentials format, the key information students need to learn in a course on supervision. Utilizing pedagogical tools such as call-out boxes, Test Yourself questions, and case studies, the author provides step-by-step guidelines for effective planning, goal setting, and evaluation, along with tips for giving constructive feedback and applying coaching strategies to motivate supervisees. She also clearly explains how to manage paperwork and describes specialized techniques, such as using video in supervision. This informative text also includes a special section on ethics authored by a leading expert in the field.
