DESCRIPTION

A corporate guide to understanding the basic tax implications of everyday business

Organized to cover the tax implications of transactions as they occur through a company's life cycle, the basic principles of tax management are applied through the use of case studies that simulate a variety of real-world marketplace conditions. Value-added and financial reporting effects of tax management are discussed, as well as country-specific tax rules, and cross-border transactions.

John E. Karayan, JD, PhD (Glendale, CA), is a professor at California State Polytechnic University, Pomona. He is also a partner in the law firm of Bond Karayan. Charles W. Swenson, PhD (Pasadena, CA), is a professor at the University of Southern California, Los Angeles, where he teaches a number of courses in accounting and taxation.
