

Down Syndrome: Visions for the 21st Century

William I. Cohen (Editor), Lynn Nadel (Editor), Myra E. Madnick (Editor)

E-Book	978-0-471-46122-7	April 2003	\$26.99
Paperback	978-0-471-41815-3	June 2002	\$40.50
O-Book	978-0-471-22757-1	March 2003	Available on Wiley Online Library

DESCRIPTION

Providing a comprehensive survey of the clinical, educational, developmental, psychosocial, and transitional issues relevant to people with Down syndrome, this book addresses the needs of family members, caregivers, and professionals alike. Edited in association with the National Down Syndrome Society, this up-to-date treatment incorporates the newest developments concerning sexuality, inclusion, transition into adulthood, and legislation, as well as a discussion of the Human Genome Project and the sequencing of chromosome 21.

ABOUT THE AUTHOR

William I. Cohen is the editor of *Down Syndrome: Visions for the 21st Century*, published by Wiley.

Lynn Nadel is the Regents' Professor of psychology at the University of Arizona. Nadel specializes in memory, and has investigated the role of the hippocampus in memory formation.

Myra E. Madnick is the editor of *Down Syndrome: Visions for the 21st Century*, published by Wiley.
