## DESCRIPTION

This is a practical volume which reflects how treatment programmes can be compatible with the reality of service delivery and mental health provision in an organisational context. It also supports both training and clinical practice by presenting examples of clinical cases to illustrate the assessment, treatment planning and implementation processes of CBT for psychosis.

* Based on extensive clinical experience and real life service settings
* Deals with the roles of several mental health disciplines, as they combine in the these treatment programmes
* Cases from a variety of settings: inpatient, outpatient community
* Describes techniques used with the full range of symptoms

Part of the Wiley Series in Clinical Psychology

## ABOUT THE AUTHOR

**David Kingdon** is Professor of Mental Health Care Delivery at the University of Southampton, UK, and Honorary Consultant Adult Psychiatrist for Southern Health NHS Foundation Trust. He has previously worked as Medical Director for Nottingham Health
Care Trust and Senior Medical Officer in the UK Department of Health, UK. He now does policy and implementation work for NHS England and is editor of their mental health web sites.

Douglas Turkington is Professor of Psychosocial Psychiatry at Newcastle University, UK. Professor Turkington is an expert on the efficacy and effectiveness of CBT in the treatment of schizophrenia. A fellow of the Royal College of Psychiatrists and founding fellow of the Faculty of Cognitive Therapy in Philadelphia, he has written more than 100 articles on the subject of CBT in schizophrenia.
