DESCRIPTION

The success of every business in the hospitality industry depends on maximizing revenues and minimizing costs. Hospitality Management Accounting, Ninth Edition continues its time-tested presentation of fundamental concepts and analytical techniques that are essential to taking control of real-world accounting systems, evaluating current and past operations, and effectively managing finances toward increased profits. This accessible Ninth Edition offers hands-on coverage of computer applications and practical decision-making skills to successfully prepare readers for the increasingly complex and competitive hospitality industry.

ABOUT THE AUTHOR

Martin G. Jagels is Professor Emeritus, School of Hotel, Restaurant, and Tourism at the University of South Carolina, and continues to teach hospitality accounting.
