Medical Toxicology of Natural Substances: Foods, Fungi, Medicinal Herbs, Plants, and Venomous Animals

Donald G. Barceloux

DESCRIPTION

Interest and information in the field of medical toxicology has grown rapidly, but there has never been a concise, authoritative reference focused on the subjects of natural substances, chemical and physical toxins, drugs of abuse, and pharmaceutical overdoses. Medical Toxicology of Natural Substances finally gives you an easily accessible resource for vital toxicological information on foods, plants, and animals in key areas in the natural environment.

ABOUT THE AUTHOR

Dr. Donald G. Barceloux is presently a Staff Physician in the Department of Emergency Medicine at Pomona Valley Community Hospital. He is also a teacher at UCLA, an active consultant on medical toxicology, and a fellow at the American Academy of Clinical Toxicology, American College of Medical Toxicology, and the American College of Emergency Medicine. In addition, he has written an array of papers and co-authored a medical toxicology reference book.
