DESCRIPTION

Analyze how the falling production and rising demand of oil has enabled savvy companies and investment banks to cash in with **Black Gold**. You'll find investment suggestions -- from ETFs and energy futures to hedge funds -- that will allow you to reap substantial profits from current and future situations as well as short human-interest stories that illustrate every issue discussed. You'll also find a timeframe for the peak of oil production -- one that is more realistic and gaining acceptance with both scientists and economists. Drawing on historical background, current issues, and expectations of the energy road ahead, **Black Gold** offers information you'll appreciate and understand so you can make the most of a market poised to grow exponentially in the years ahead.
