DESCRIPTION

An up to date account of all that is known about the key methods used in health services research. It describes the uses and limitations of the principal methods based on the findings of the NHS Health Technology Assessment Programme. Each chapter makes suggestions for best practice.

ABOUT THE AUTHOR

Nick Black and Barnaby Reeves are the authors of Health Services Research Methods: A Guide to Best Practice, published by Wiley.

FEATURES

- Based on 20 systematic reviews of the literature on the methods covered

- Highly multi-disciplinary

- Each chapter is based on 12 months detailed work rather than the authors opinion
