DESCRIPTION

The Leader of the Future 2 follows in the footsteps of the international bestseller The Leader of the Future, which has been translated into twenty-eight languages, and is one of the most widely distributed edited collections on leadership to date.

In twenty-seven inspiring and insightful essays, this book celebrates the wisdom of some of the most recognized thought leaders of our day who share their unique vision of leadership for the future.

"Hesselbein and Marshall Goldsmith, one of the USA's top executive coaches, edited the collection The Leader of the Future 2. Its 27 eloquent essays provide a kind of hopeful, idealistic best-case scenario for future leaders of non-profits and businesses. This is not a cookie-cutter, how-to approach. The job of the essayists is to provide food for thought and goals. The high quality of writing here should inspire anyone who has aspirations for leadership."

—Bruce Rosenstein, USA Today
