DESCRIPTION

Illustrated Guide to Equine Diseases covers an extensive range of diseases with over one thousand color figures that provide equine clinicians with a multitude of diagnostic references. It covers diseases of the respiratory, gastrointestinal, nervous, reproductive, ocular, musculoskeletal, urinary, integumentary, endocrine, and cardiovascular systems, and provides readers with a clinical picture of each disease, including a brief synopsis, presenting signs, and diagnostic procedures. It not only examines diseases from a clinical approach, but also includes diagnostic modalities such as radiology, nuclear scintigraphy, CAT scan, cytology, histopathology, and postmortem findings.

ABOUT THE AUTHOR

Sameeh M. Abutarbush, BVSc, MVetSc, Diplomate ABVP, Diplomate ACVIM, Assistant Professor of Large Animal Internal Medicine, Department of Veterinary Clinical Sciences, Faculty of Veterinary Medicine, Jordan University of Science and Technology, Irbid, Jordan.
