DESCRIPTION

*ETRI Journal* is an international, peer-reviewed multidisciplinary journal published bimonthly in English. The main focus of the journal is to provide an open forum to exchange innovative ideas and technology in the fields of information, telecommunications, and electronics.

Key topics of interest include high-performance computing, big data analytics, cloud computing, multimedia technology, communication networks and services, wireless communications and mobile computing, material and component technology, as well as security.

With an international editorial committee and experts from around the world as reviewers, *ETRI Journal* publishes high-quality research papers on the latest and best developments from the global community.

*ETRI Journal* is indexed by Science Citation Index, SciSearch, SCOPUS, INSPEC Database, Ei Compendex, Dialog Source One/Engineering, and/or Aerospace & High Technology Database.
