DESCRIPTION

This richly illustrated, up-to-date guide offers practical coverage of all aspects of lighting design. Written by an award-winning, internationally known lighting designer, it covers lighting practices, materials, and their design applications and offers guidelines for preparing lighting drawings, control and transfer charts, symbol lists, and other technical specifications. This edition provides a new focus on the use of LEDs, as well as new and expanded coverage of renderings, Mesopic Vision, and the latest controls approaches and systems.

ABOUT THE AUTHOR

JANET LENNOX MOYER, IALD, COLD, is founder of The Landscape Lighting Resource (www.tllr.org) in Troy, New York. Started to promote quality landscape lighting design and installation, LLR offers educational events to help people interested in lighting become more proficient and expand their practice. She gives out the Janet Lennox Moyer Award at the national conference of the Association of Outdoor Lighting Professionals each year. Ms. Moyer practices design throughout the world and frequently writes and speaks on the subject.
