O-Book 978-1-118-83430-5 October 2014 Available on Wiley Online Library

DESCRIPTION

Canine and Feline Anesthesia and Co-Existing Disease is the first book to draw together clinically relevant information on the anesthetic management of dogs and cats with existing disease conditions. Providing a detailed reference on avoiding and managing complications resulting from concurrent disease, the book offers a ready reference for handling anesthesia in patients with common presenting diseases. Organized by body system, Canine and Feline Anesthesia and Co-Existing Disease is designed to allow the reader to quickly find and apply advice for anesthetizing patients with specific conditions.

Each chapter presents in-depth, practical information on the special considerations before, during, and after sedation and anesthesia of a patient with a given disease. Canine and Feline Anesthesia and Co-Existing Disease is a useful reference for general practitioners, veterinary students, specialists in a variety of areas, and veterinary anesthesiologists alike.

ABOUT THE AUTHOR

Lindsey B.C. Snyder, DVM, MS, DACVAA, is a Clinical Assistant Professor of Anesthesia and Pain Management at the University of Wisconsin at Madison in Madison, Wisconsin, USA.

Rebecca A. Johnson, DVM, PhD, DACVAA, is a Clinical Associate Professor of Anesthesia and Pain Management at the University of Wisconsin at Madison in Madison, Wisconsin, USA.
