TraderMind: Get a Mindful Edge in the Markets

Steve Ward

**DESCRIPTION**

Become a savvy trader with a "mindful" edge...

TraderMind is an essential resource for understanding and applying mindfulness-based approaches that help to enhance an individual trader's overall performance. Based upon extensive research and practical application in the real world of the trading floor, TraderMind includes methods, tactics and techniques to build and enhance awareness and insight, which help manage thoughts and emotions and maximize trading performance.

The author demonstrates how to overcome habitual or impulsive trading behaviours, manage energy levels, become more attuned to and responsive to the market, more situationally aware and build patterns of effective trading behaviour. By developing these skills and good behaviours, traders can overcome inherent biases and, ultimately, improve their trading decisions.

The techniques outlined in TraderMind can be utilized as core competencies of trading psychology or can be used to complement other behavioural methods and strategies. The TraderMind tool-set does not replace the need for basic trading skills, knowledge, strategy, or key performance enablers such as preparation and performance analysis. Rather, TraderMind is designed to act as a facilitator or multiplier to enhance trader decision-making and improve overall performance. "A thoughtful read with 'bang-for-the buck' practical strategies for time pressed traders." – Linda Raschke, President at LBRGroup, Inc., CTA
Also includes the TraderMind 8 Week Training Program.
