DESCRIPTION

*Exotic Animal Hematology and Cytology, Fourth Edition* updates the most comprehensive reference available on exotic animal hematology and cytology of all major species.

- Acts as both an atlas and a text, offering high-quality photographs and step-by-step descriptions of techniques associated with preparing and interpreting hematology and cytology samples
- Presents complete information on hematology and cytology in a wide range of exotic species, including small mammals, birds, reptiles, amphibians, and fish
- Includes more than 700 high-quality color photographs, now with sizing bars
- Takes a new disease-based structure for improved ease of use
- Provides straightforward step-by-step descriptions of sample preparation and interpretation
ABOUT THE AUTHOR

Terry W. Campbell, DVM, PhD, is an Associate Professor of Zoo Medicine at the College of Veterinary Medicine and Biomedical Sciences at Colorado State University.
