Dental Public Health at a Glance presents a richly-illustrated introduction to dental and oral health issues in communities and populations.

• Each topic is presented in an easy-to-comprehend two-page spread with essential facts clearly summarized and accompanied by tables, illustrations and diagrams

• Comprehensive coverage of wide range of key concepts including: evidence-based dentistry, oral health promotion, the relationship of fluoride, diet, smoking, and alcohol to oral health, and considerations for a dental public health career

• Written by an expert in dental public health and offering illuminating insights into oral health at the population level

• A must-have introductory textbook and revision guide for dentistry and dental hygiene and therapy students

Ivor G. Chestnutt is Professor and Honorary Consultant in Dental Public Health and Associate Dean for Postgraduate Studies at the School of Dentistry, Cardiff University, UK. Ivor is registered as a Specialist in Dental Public Health with the General Dental
Council. He has been involved in dental public health research and teaching for nearly 25 years and is widely published on the subject.
