The Handbook of Dialectology
Charles Boberg (Editor), John Nerbonne (Editor), Dominic Watt (Editor)

DESCRIPTION

The Handbook of Dialectology provides an authoritative, up-to-date and unusually broad account of the study of dialect, in one volume. Each chapter reviews essential research, and offers a critical discussion of the past, present and future development of the area.

• The volume is based on state-of-the-art research in dialectology around the world, providing the most current work available with an unusually broad scope of topics

• Provides a practical guide to the many methodological and statistical issues surrounding the collection and analysis of dialect data

• Offers summaries of dialect variation in the world’s most widely spoken and commonly studied languages, including several non-European languages that have traditionally received less attention in general discussions of dialectology

• Reviews the intellectual development of the field, including its main theoretical schools of thought and research traditions, both academic and applied

• The editors are well known and highly respected, with a deep knowledge of this vast field of inquiry
