Pathology of Pet and Aviary Birds, 2nd Edition
Robert E. Schmidt, Drury R. Reavill, David N. Phalen

Hardcover ISBN: 978-1-118-82809-0 September 2015 $156.00

■ DESCRIPTION

Pathology of Pet and Aviary Birds, Second Edition provides a comprehensive reference to the gross and histologic features of diseases seen in pet and aviary birds, with more than 850 images depicting disease lesions.

• Provides a complete resource for identifying both common and not-so-common diseases in a wide range of avian species
• Includes more than 850 full-color images to show disease lesions
• Offers context for the interpretation of pathologic findings, promoting an understanding of the pathogenesis and epizootiology of disease
• Adds information on pigeons and chickens, pathophysiology, prognosis and trends, and globally relevant diseases
• Aids pathologists, diagnosticians, and avian veterinarians in identifying lesions in pet birds
Robert E. Schmidt, DVM, PhD, DACVP, is a consultant in veterinary pathology for veterinary diagnostic laboratories, zoological parks and aquariums, and veterinary practitioners specializing in diseases of birds, reptiles, fish, laboratory animals and zoo animals, based in Anthem, Arizona, USA.

Drury R. Reavill, DVM, DAVBP (Avian and Reptile & Amphibian Practice), DACVP, is a pathologist at the Zoo/Exotic Pathology Service in Carmichael, California, USA. She provides diagnostic pathology services to exotic animal practitioners in clinical practices, zoological parks and aquariums, and animal rescue/rehabilitation facilities.

David N. Phalen, DVM, PhD, DAVBP (Avian Practice), is Associate Professor at the University of Sydney in Camden, NSW, Australia where he teaches avian, exotic pet and wildlife medicine, provides diagnostic services to avian and exotic animal veterinarians, and supervises the Masters of Wildlife Health and Population Management.
