EXAMINATION OF THE NEWBORN: AN EVIDENCE-BASED GUIDE, 2ND EDITION
Anne Lomax

DESCRIPTION
• A practical, evidence-based guide for students and practitioners to undertake safe and effective neonatal examination
• Revised and updated throughout in line with current national and Nursing and Midwifery Council guidelines
• Full colour photographs and illustrations, as well as clinical case studies at the end of each chapter to help guide and illustrate good practice
• A new companion website (available at: www.wiley.com/go/lomax/newborn) contains a wealth of information on all aspects of examining the newborn, including safeguarding, early warning systems, and tongue tie, as well as interactive multiple choice questions, and links to videos

ABOUT THE AUTHOR
Anne Lomax is Senior Lecturer in Midwifery, at the University of Central Lancashire, Preston, UK. She qualified as a registered nurse in 1981. Following this she became a registered midwife in 1983. She then went on to focus on specialist and intensive care of the newborn. Currently her focus is on enhanced midwifery practice in the area of examination of the newborn together with pre registration midwifery. Anne is also Admissions Tutor for the 3 year Pre Registration Midwifery Programme.
