The essential guide to global sukuk markets worldwide

*Sukuk Securities* provides complete information and guidance on the latest developments in the burgeoning sukuk securities markets. Written by leading Islamic finance experts, this essential guide offers insight into the concepts, design features, contract structures, yields, and payoffs in all twelve global sukuk markets, providing Islamic finance professionals with an invaluable addition to their library. The first book to fully introduce the market, this book provides a detailed overview of the sukuk market, with practical guidance toward applying these instruments in real-world scenarios. Readers will learn how sukuk securities are regulated and the issues that arise from regulations, and gain insight into the foundation and principles of Islamic finance as applied to these instruments. Extensive tables illustrate t-test comparisons between conventional bonds and sukuk, risk factors, and the issuance of different types of sukuk securities by country to give readers a deeper understanding of the markets.

In 2010, the World Bank recommended sukuk as the best form of lending for growth in developing countries; since then, the value of new issues has grown at 45 percent per year. The market's present size is close to US $1,200 billion, with private markets in major financial centers like London, Zurich, and New York. This book provides comprehensive guidance toward understanding and using these instruments, and working within these markets.

- Get acquainted with the sukuk market, definitions, classification, and pricing
- Learn the different approaches to structuring and contract design
• Discover how sukuk is applied, including regulations, ratings, and securitization

• Examine payoff structures and suggested sukuk valuation in the context of Islamic finance principles

With the sukuk market growing the way it is, regulators, investors, and students need to fully understand the mechanisms at work. *Sukuk Securities* is the complete guide to the sukuk markets, with expert insight. July 2014 saw the first sukuk listing in London. Hong Kong and Seoul have also entered this niche market. Predictions are that there will be continued high growth of sukuk debt markets around the world, all providing targeted funding via sukuk contracting modes.
