**DESCRIPTION**

This volume offers readers a comprehensive means to understanding glass ceiling effects in higher education. Each chapter approaches the glass ceiling from a different perspective, providing compelling arguments that truly highlight the importance and usefulness of collecting data on this topic.

Institutional decision makers will find valuable information to confront the challenge of glass ceiling effects across different institutional environments. Likewise, institutional researchers will find step-by-step protocols to collect and analyze glass ceiling data as well as a variety of rich examples. Readers will not only find this sourcebook useful for institutional planning purposes, but it will also help them truly understand how the glass ceiling impacts women and people of color in higher education.

**ABOUT THE AUTHOR**

Issue Editors:

Jerlando F. L. Jackson is the Vilas Distinguished Professor of higher education, and director and chief research scientist for Wisconsin's Equity and Inclusion Laboratory (Wei LAB) at the University of Wisconsin-Madison.
Elizabeth M. O'Callaghan is a lecturer in the Department of Educational Leadership and Policy Analysis at the University of Wisconsin-Madison.

Raul A. Leon is an assistant professor of higher education at Eastern Michigan University.
