DESCRIPTION

The seventh edition of *Brook’s Clinical Pediatric Endocrinology* has been compiled by an experienced editorial team and internationally renowned contributors; it presents basic science and clinical management of endocrine disorders for all involved in the care of children and adolescents. It provides treatments for a variety of hormonal diseases, including diabetes and hypoglycaemia, growth problems, thyroid disease and disorders of puberty, sexual differentiation, calcium metabolism, steroid metabolism and hypopituitarism.

ABOUT THE AUTHOR

**MEHUL T. DATTANI, MD, FRCP, FRCPCH**, is Professor of Pediatric Endocrinology at the UCL GOS Institute of Child Health and Head of Pediatric Endocrinology at Great Ormond Street Hospital for Children, University College London Hospitals, and Institute of Child Health. He is currently the Chair of the Programme Organising Committee of the European Society for Paediatric Endocrinology.

**CHARLES G.D. BROOK, MA, MD, FRCP**, was the first Professor of Pediatric Endocrinology in the UK and the founder of the London Centre for Pediatric Endocrinology at Great Ormond Street Hospital and University College London Hospitals. He was the recipient of the Andrea Prader Prize in 2000, the most prestigious award for outstanding leadership and research in the gift of the European Society for Paediatric Endocrinology.
