**DESCRIPTION**

**IMPORTANT NOTE:** Cisco has announced BIG changes to its certification program. As of February 24, 2020, all the current certifications will be retired. Cisco will offer new certifications for you to complete. The good news is if you’re working toward any current CCNA certification, keep going. You have until February 24, 2020 to complete your current CCNA. This means if you already have CCENT / ICND1 certification and would like to earn CCNA, you have until February 23, 2020 to complete your CCNA certification in the current program. Likewise, if you’re thinking of completing the current CCENT / ICND1, ICND2, or CCNA Routing and Switching certification, you can still complete them between now and February 23, 2020. So, buy these Study Guides now before it’s too late!

**Real-world expert preparation for the ICND2, with hands-on labs**

The *CCNA ICND2 Study Guide, 3rd Edition* covers 100 percent of all exam 200-105 objectives. Leading networking authority Todd Lammle provides detailed explanations and clear instruction on IP data networks, switching and routing technologies, IPv4 and IPv6 addressing, troubleshooting, security, and more. Dozens of hands-on labs help you gain experience with important tasks, and expert examples and insights drawn from thirty years of networking bring real-world perspective to essential CCNA skills. The Sybex interactive online learning environment provides hundreds of sample questions, a glossary of key terms, and over 100 electronic flashcards to streamline your study time and expand your resources; the pre-assessment test shows you where to focus your efforts, and the practice exam allows you test your level of understanding while there’s still time to improve.

The ICND2 is the final exam for the CCNA certification. With 80 percent of the Internet's routers being Cisco technology, this exam is critical for a career in networking. This guide explains everything you need to be confident on exam day.
• Study 100% of the exam objectives

• Get essential hands-on experience

• Access sample questions and flashcards

• Test your knowledge with a bonus practice exam

Be fully prepared for the CCNA ICND2 with the Sybex advantage.
