 FEATURES

Sequencing and Structure. Each ¡En acción! activity set begins with one tightly-structured practice exercise designed to "ground" the student and build all-important self-confidence. This initial exercise is followed by carefully sequenced semi-controlled and then more open-ended communicative activities.

Variety. ¡Con brío! Fourth Edition includes both whole-class activities lead by the instructor and a significant number of pair and small-group activities. Instructors can pick and choose from a rich selection of vocabulary and grammar practice activities depending on class time available. Activities are designed to be engaging, practical, and relevant.

Tu mundo en vivo section at the end of each chapter provides culture-based input activities and a variety of output activities that draw on all language skills. Accompanying strategies give students tools to express their own ideas in Spanish within a real-life context.

Instructors’ annotations identify related ACTFL standards and modes of communication. Updated Teacher Annotations include additional suggestions for the use of WileyPLUS.
