DESCRIPTION

The visual learner's ultimate guide to the MacBook and macOS High Sierra

Teach Yourself VISUALLY MacBook is your ultimate guide to getting up and running quickly with your new MacBook, MacBook Pro, or MacBook Air! Whether you're new to computers or transitioning from a PC, this graphics-heavy guide will show you everything you need to know to get the most out of your new laptop. Clear, step-by-step instructions walk you through each task, with screenshots that help you follow along with confidence. You'll learn how to manage files, work with macOS software, organize photos and media, set up email, access the internet, and adjust settings and preferences to make your MacBook work the way *you* work. You'll also explore the features that bring computing to a whole new level, including iCloud, FaceTime, the App Store, and so much more!

The Mac has long inspired a legion of loyal fans, and you're about to find out why. From sleek design to intuitive interface, to an OS that just *works*, Apple has cornered the market on the high-end computing experience. The MacBook makes sublime computing portable, and this book shows you how to take advantage of all that your MacBook has to offer.

- Get acquainted with the latest macOS version and its new features
- Perform everyday tasks quickly and easily
- Customize preferences and settings to suit your needs
- Download new apps, video chat, save to the cloud, and much more!

No confusing tech-speak, no vague instructions, and no complex tangents into obscure tasks. This friendly guide is packed with screenshots, easy-to-follow instructions, and a practical sensibility; you're not launching the space shuttle, you just want to open your email. If you're ready to explore all that your MacBook can do, *Teach Yourself VISUALLY MacBook* is your ideal companion.
