DESCRIPTION

The Handbook of English Linguistics is a collection of articles written by leading specialists on all core areas of English linguistics that provides a state-of-the-art account of research in the field.

• Brings together articles from the core areas of English linguistics, including syntax, phonetics, phonology, morphology, as well as variation, discourse, stylistics and usage

• Written by specialists from around the world

• Provides an introduction to a key area of English Linguistics and includes a discussion of the most recent theoretical and descriptive research, as well as extensive bibliographic references

ABOUT THE AUTHOR

Bas Aarts is Professor of English Linguistics and Director of the Survey of English Usage at University College London. His publications include Small Clauses in English: The Nonverbal Types (1992), The Verb in Contemporary English (edited with Charles F. Meyer, 1995), English Syntax and Argumentation (1997/2001), Investigating Natural Language: Working with the British Component of the International Corpus of English (with Gerald Nelson and Sean Wallis, 2002), and Fuzzy Grammar: A Reader
(edited with David Denison, Evelien Keizer, and Gergana Popova, 2004). With David Denison and Richard Hogg, he edits the journal *English Language and Linguistics*.
