DESCRIPTION

Reviews focused topics – both clinical and basic science - in the fast-moving area of IBD, providing emphasis on the current challenges faced in the successful management of the disease

Turn to Challenges in Inflammatory Bowel Disease (IBD) when you need an expert opinion on the new, unusual or controversial areas of IBD and not just the tried and tested information. Current and concise reviews of the latest scientific discoveries are translated into cutting-edge clinical guidance to address those challenging cases faced by every medical team caring for patients with IBD.

Refer to this book to answer burning questions, to read an in depth review of the controversial topics and to provide a clear explanation of issues.

ABOUT THE AUTHOR

Professor Derek P. Jewell, Gastroenterology Unit, Radcliffe Infirmary, Oxford, UK

Professor Neil J. Mortensen, John Radcliffe Hospital, Oxford, UK

Professor A. Hillary Steinhart, Mount Sinai Hospital, Toronto, Canada
