DESCRIPTION

*Cysts of the Oral and Maxillofacial Regions* is a seminal text for those working in oral pathology, oral medicine, oral & maxillofacial surgery and radiology. This fourth edition reflects advances in immunohistochemistry, molecular biology and human genetics, which have contributed to the understanding of the etiology, pathogenesis, pathology and treatment of these lesions.

This book is a comprehensive treatise on cysts occurring in the oral and maxillofacial regions, covering clinical features, epidemiology, radiology, pathogenesis and pathology.

ABOUT THE AUTHOR

**Mervyn Shear** is Emeritus Professor, University of the Witwatersrand, Johannesburg, and Emeritus Professor, University of the Western Cape, Cape Town. He is recognised as one of the foremost authorities on cysts of the oral regions.

**Paul M. Speight** is Professor and Head of Oral and Maxillofacial Pathology at the School of Clinical Dentistry, University of Sheffield. He is President, Treasurer and Member of Council of the International Association of Oral Pathologists and Editor-in-Chief of 'Archives of Oral Biology'.
