Hardcover 978-1-405-18293-5 May 2011 Out of stock $49.99

DESCRIPTION

Since the first edition was published in 1980, *Metric Pattern Cutting for Menswear* has become established as the standard work on this subject and has proved invaluable as both a textbook for students and a reference source for the practising designer.

In this fifth edition, the chapter on computer aided design now has full colour illustrations and reflects the growing importance of CAD to the industry and as a part of fashion and design courses. The rest of the book has been updated where necessary: in particular, new blocks for tailored shirts, new details on how to adapt men’s blocks for women’s wear, and a revision of sizing and labelling information. Colour is now used to differentiate the main groups of patterns and with its tried and tested layout with clear text and diagrams, *Metric Pattern Cutting for Menswear* is an essential purchase for students of fashion and design.

ABOUT THE AUTHOR

Winifred Aldrich is a practising designer who was formerly Professor of Clothing Technology at The Nottingham Trent University. She has written six books including *Metric Pattern Cutting, Metric Pattern Cutting for Children’s Wear and Babywear, Fabric, Form and Flat Pattern Cutting and Pattern Cutting for Women’s Tailored Jackets.*
